ATF 2020 THEME

“ASEAN - TOGETHER TOWARDS A NEXT GENERATION OF TRAVEL”

Over a span of close to 40 years, the 10 member states of ASEAN have made immense progress in their efforts to promote this region as a single collective tourism destination with a culturally diverse variety of attractions and travel experiences. The last 4 decades focused on tourism developments across ASEAN destinations that have given the region increased awareness to draw continued interest from international travelling communities with novel and re-engineered propositions. Meanwhile, ASEAN’s prevalent message to the world echoed all that was unique in its appeal – its natural richness, its heritage and resolve for success.

Today, in a time when phenomenal global urbanisation, new eloquence, and technological advancements are driving a new breed of travellers, ASEAN is at the crossroads of its next milestone. More than ever before, ASEAN recognises the need to keep pace with the dynamics and demands of changing travel patterns, demographics, behaviours and preferences.

At the 39th ASEAN Tourism Forum, held in Brunei Darussalam, the future of ASEAN travel will be the focal point of industry conversation and opportunity at both official meetings and TRAVEX – the world’s largest ASEAN destination, product and service showcase. As fresh perspectives and innovation take centre-stage to ready tomorrow’s ASEAN, the region’s potential burns bright as it seeks uncharted pathways and campaigns that look forward to the next generation of travel.

BRUNEI DARUSSALAM IN BRIEF

Introduction

Brunei Darussalam is a small, stable, safe, and peaceful country. Largely covered in pristine tropical rainforests rich in exotic flora and fauna, Brunei Darussalam is a paradise for nature lovers and for nature tourism in general.

Because of its small size and good-road infrastructure, the best preserved rainforests in Borneo can be easily and safely discovered in day long trips from the comfort of international standard hotels, or in overnight trips with stays at boutique lodges in the rainforest, making the enriching experience of nature tourism in the tropics a much more approachable proposition for those who appreciate comfort and safety.

Brunei Darussalam is a welcoming and rejuvenating experience. Whether it is enjoying the bountiful nature, admiring the opulence of Brunei Darussalam's ancient monarchy, discovering the fascinating Water Village – the largest in the world – and the thriving culture and traditions of the Malay people; or simply enjoying a world class round of golf, diving in coral rich waters, being pampered in luxury at the spa or having fun with the family in our safe and wholesome environment, Brunei Darussalam will reveal itself as The Abode of Peace.

8 Gadong Night Market

Brunei's legendary night market right on the outskirts of Gadong. It offers endless variety of local snacks and dishes, from grilled meat on skewers, rice topped with chicken and sambal on the side and a whole lot more of Bruneian favourites, this is undoubtedly Brunei's busiest and most buzzing night stop on any day.

TRANSPORTATION

Public Buses

There are six bus routes servicing the Bandar Seri Begawan area. The Eastern Line, which is the royal blue bus, and the Northern Line, marked as the green bus, pass through the international airport. Normal operating hours are from 6am - 8pm. Bus fares start from \$1.00. Buses heading to other towns in Brunei such as Tutong, Kuala Belait and Seria depart from the bus terminal located at the multistorey carpark on Jalan Cator in Bandar Seri Begawan.

Taxi

Taxis in Brunei are metered, with a base price of BND3.50 for the first minute or kilometer, and an additional BND0.20 for every 250m or 15 seconds (whichever comes first). There's also a surcharge of BND3 for trips going to and from the airport, as well as an additional BND8 for travelling from one district to another. Travellers should also note that there are additional charges for more than two pieces of baggage, as well as carrying more than four passengers per taxi. It's easy to hail a taxi from the airport to one's hotel, One can also contact +673 222 2214 or +673 222 6853 for taxi services in the capital.

Dart

DART is a local own transport app. All vehicles are officially licensed for public transport. Functions similar to Uber and Grab (both of which are currently unavailable in Brunei). It can be competitively priced against Brunei's taxis, with additional convenience of booking a ride through the app. DART is available for download on both Android and iOS.
